

**Devin Nial**

Vice President, Portfolio Manager, ESG  
Acadian Asset Management

Devin rejoined Acadian in 2021 and is a portfolio manager within the Responsible Investing Team. Previously, Devin was with Acadian for seven years as a portfolio manager within Acadian's Global Equity Research Team and was also as a product development manager at Brown Brothers Harriman, where he developed a currency hedging system allowing user-customized hedging solutions and strategies. Devin also served as a head of product development in currency management at State Street, where he was responsible for managing the implementation and development of new technologies and products to support currency hedging and foreign exchange trading. He holds an M.S. in finance from Boston College; an M.A. in computer science from Boston University; and a B.A. in English literature from SUNY Albany.
